

About the BFB Natural Trumpet™

- The BFB Natural Trumpet™ and Mutec™ mouthpieces are made in the USA with FDA-compliant ABS and polycarbonate materials, meeting NSRL levels of California Prop 65.
- Lightweight and easy to hold, the BFB Natural Trumpet™ is ideal for young students, including those with Special Educational Needs and Disabilities (SEND).
- Its rugged construction and lack of moving parts ensure minimal upkeep, easy sanitization, and durability for many years of use.
- Pitched in C (A=440), the BFB Natural Trumpet™ is compatible with other general music classroom instruments, such as Orff instruments, recorders, and modern band.
- Designed with input from brass acoustics experts, it produces a rich, authentic sound.
- Created for the Brass for Beginners® curriculum, *Around the World in Twenty-One Trumpets*, the BFB Natural Trumpet™ also serves as a versatile supplementary teaching tool for brass players at all levels.

How to Clean the BFB Natural Trumpet™

Soak the BFB Natural Trumpet™ in warm, soapy water with an antibacterial liquid dish detergent. Use a trumpet snake* to clean the leadpipe and first U-bend thoroughly. Rinse the instrument by running warm water through it (ensure it is empty as shown above) and pat it dry with a towel. Clean the mouthpiece using the same method, but with a mouthpiece brush*. When not in use, store the BFB Natural Trumpet™ in its carrying case.

*Trumpet snakes and mouthpiece brushes are available at your local music store.
